Dear «DLR»,

Enclosed are the *Instructions for Reporting Dealer Purchases using the National Marine Fisheries Service (NMFS) Interactive Voice Response (IVR) system*. These are being sent to dealers issued a permit requiring submission of weekly landings summaries for quota-managed species. Quota-managed species include: summer flounder, scup, *Illex* squid, *Loligo* squid, black sea bass, spiny dogfish, Atlantic bluefish, Atlantic cod & haddock.

Included with this package is a one page summary explaining the recent upgrade and minor changes to the IVR call-in system. These were effective January 27, 2004. Your reporting requirements have not changed, nor has the toll free number you currently call to report your dealer purchases. The minor changes include: A female voice; a faster and easier call menu; additional menu choices; and a longer and more comprehensive confirmation number (11-12 digits).

Enclosed within this packet is your confidential dealer code for accessing the NMFS IVR call-in system, a list of the NMFS reporting weeks for 2004 and an updated worksheet. A list of the NOAA Fisheries Field Offices and contact numbers is also included.

IVR Dealer Reporting Requirements

The IVR call-in system is designed to allow dealers to report weekly summaries of their purchases of quota-managed species. Quota-managed species include: summer flounder, scup, *Illex* squid, *Loligo* squid, black sea bass, spiny dogfish, Atlantic bluefish, Atlantic cod & haddock. Dealers must call weekly to report purchases of these species by state. If no quota-managed species were purchased during a given week, a negative report must be submitted through the IVR call-in system. If at least one quota-managed species was purchased and reported, a negative report is not necessary for the other species. The reporting week begins on Sunday at 0001 hrs (12:01 AM) local time and ends Saturday at 2400 hrs (12:00 midnight). Reports must be submitted by midnight Tuesday, three days after the end of each reporting week.

Reporting stock area of Atlantic cod

The IVR call-in system is designed to accept Atlantic cod reports by specific stock area. Thus, dealers should specify on their weekly IVR report whether their purchases of Atlantic cod were caught in the Georges Bank stock area or the Gulf of Maine stock area. If the stock area where the fish were caught is unknown, dealers should specify "Unknown". A break down by stock area will allow NMFS to better monitor the two stocks of Atlantic cod, by improving our ability to provide more accurate landings statistics by stock area.

Dealer Weighout Reports

Federally permitted dealers must submit to the Regional Administrator or to the official designee a detailed weekly report on forms supplied by or approved by the Regional Administrator and a report of all fish purchases. If authorized in writing by the Regional Administrator, dealers may submit reports electronically or through other media. The dealer or other authorized individual must sign all report forms. If no fish are purchased during a reporting week, no written report is required to be submitted. If no fish are purchased during an entire reporting month, a report so stating on the required form must be submitted. Purchases reported via the IVR system do not satisfy your dealer reporting requirement.

Additional Information

For more information about Quota Monitoring or IVR reporting please contact your local Field Office or login to the NOAA Fisheries Website at: <http://www.nero.noaa.gov/ro/doc/fso.htm>. For more information about the IVR call-in system or IVR call-in system upgrade, please contact the Fishery Statistics Office at (978) 281-9209.

Sincerely,

John F. Witzig, Ph.D.
Director
Fisheries Statistics Office

Confidential Dealer Code assigned to:

Dealer: «DLR»

Federal Dealer Number: «DNUM»

Dealer Code: «CODE»

- Both Dealer Number and Dealer Code are needed to access the IVR call-in system.
- Codes should be kept private and not disclosed to others.
- If you lose your confidential code or cannot access the IVR call-in system, please contact the Fisheries Statistics Office at (978) 281-9209. A new code will be mailed to you.

2004 Reporting Periods for the **NMFS Interactive Voice Response System**

The National Marine Fisheries Service reporting week begins on Sunday at 0001 hrs (12:01 AM) local time and ends Saturday at 2400 hrs (12:00 midnight). Reports must be submitted by midnight Tuesday, three days after the end of each reporting week.

Please use week number 01 for all reports pertaining to week-ending January 3, 2004.

2004 Dealer Worksheet for the NMFS Interactive Voice Response System

This worksheet is an example of the information needed to submit weekly purchases of quota-managed species from fishing vessels. It may be copied and used as a personal record for each weekly report submitted using the IVR call-in system. Worksheets should not be submitted to NMFS.

Call phone number: 1-888-284-4904

1. Press 1 for dealer reporting.
2. Enter your 5 digit dealer number and 5 digit dealer code (you may **not** want to write this down).

Dealer Number						Dealer Code				

3. Press 1 to report dealer purchases, press 2 to report negative dealer activity.
4. Follow the prompts to enter purchases by state, reporting week & species.

Species name	Species Code	State Code		Week	Pounds Landed
Summer flounder	01				
Scup	03				
<i>Illex</i> squid	04				
<i>Loligo</i> squid	05				
Black sea bass	07				
Spiny dogfish	08				
Bluefish	09				
Cod (Unknown area)	10				
Cod (Gulf of Maine)	11				
Cod (Georges Bank)	12				
Haddock	13				

List of State Codes							
Maine	22	Connecticut	07	Delaware	08	South Carolina	43
New Hampshire	32	New York	35	Maryland	23	Georgia	13
Massachusetts	24	New Jersey	33	Virginia	49	Florida	10
Rhode Island	42	Pennsylvania	41	North Carolina	36	Louisiana	21

Confirmation Number for this Call*											

* Note: As of January 27, 2004, you will only receive one confirmation number for each call you make to the upgraded IVR call-in system; you will no longer receive multiple confirmation numbers within each call.

NMFS Interactive Voice Response (IVR) System Information Sheet ~ Dealers

Toll Free IVR Call-in Number
1-888-284-4904

~ IVR System Upgrade ~ January 2004

The NMFS Interactive Voice Response (IVR) System has been upgraded with new software. The upgrade will make weekly reporting both faster and easier.

Your reporting requirements have not changed and neither has the toll free number you currently call to report your purchases of quota-managed species.

~ Changes Include ~

- ❖ A computer-generated female voice.
- ❖ A faster & easier call menu.
- ❖ Additional main menu choices to accommodate several new programs utilizing the IVR call-in system.
- ❖ A longer, more comprehensive confirmation number (11-12 digits long). You will only receive one confirmation number per call.

Please contact the Fishery Statistics Office with any questions regarding the system upgrade at (978) 281-9209.

A Review of the IVR Call-in System

The Interactive Voice Response (IVR) call-in system allows dealers to quickly and easily report their weekly fish purchases using a touch-tone telephone. Dealers holding federal permits for any of the quota-managed species are required to report their purchases to the NMFS call-in system. Dealers located in states with their own quota monitoring systems may be required to report their purchases to their state system as well. Contact your state agency for additional information.

Reporting Weekly Landings

Dealers must call weekly to report purchases of quota-managed species by state. The reporting week begins on Sunday at 0001 hrs (12:01 AM) local time and ends Saturday at 2400 hrs (12:00 midnight). Reports must be submitted by midnight Tuesday, three days after the end of each reporting week.

Submitting Negative Reports

If no quota-managed species were purchased during a given week, a negative report must be submitted through the IVR call-in system. If at least one quota-managed species was purchased and reported, a negative report is not necessary for the other species.

Quota-Managed Species ~ Dealers

Bluefish	Summer Flounder
Black Sea Bass	Spiny Dogfish
<i>Loligo</i> Squid	Cod (by Stock Area)
<i>Illex</i> Squid	Haddock
Scup	

Corrections

If you need to make corrections or adjustments to the data you have already submitted to the IVR call-in system, please contact your local Field Office as soon as possible.

~ Additional Information ~

For more information about Quota Monitoring or IVR reporting please contact your local Field Office or login to the NOAA Fisheries Website at: <http://www.nero.noaa.gov/ro/doc/fso.htm>.
